

Make it a **Chesapeake Halloween**

We love Halloween and we also love our home here in the Chesapeake Bay! Print the following image, cut out along the dotted line, tape it to your pumpkin, and use it as a template to cut out chunks with a sharp knife. Kids, get an adult to help you with sharp tools. Pro tips: After cutting, pull pumpkin pieces out instead of pushing them into your pumpkin to avoid breakage in delicate areas. You can also scale this image using photo software to the proper size for your pumpkin. And don't forget to share your pumpkin on social media! Tag @ChesapeakeMermaid on Facebook or Instagram. Have fun and enjoy your holiday!

Make a **Blue Crab**
